HOW ARE COACHES SELECTED?

In selecting the coaching staff each year, the Shrine Bowl Football Committee calls upon the following sources for suggestions and recommendations - Nebraska High School Coaches, School Administrators, The Nebraska Coaches Association, Newspaper Sports Writers, Radio and T.V. Sports Directors, etc. The selection group, in making their determination, takes into consideration the location of previous coaches and choose, as nearly as possible, the new staffs on geographically equitable basis statewide. Each year, all previous Shrine Bowl Assistant Coaches are considered for the head coaching assignment. To be a Head Coach you must have served as an Assistant Coach. The selection of the coaching staff is made early in October each year.
